Ordinarily the Faculty Council meets every first and third Thursday of each month.

Les Johnson and Marilyn Matke were appointed to the Activities Evaluation committee by the council at the request of Sakamoto, ASB vice president. Hank Ramp was named to the Intercollegiate Athletics committee.

The council recommended no charge be made for persons attending the lecture series scheduled for this school year. This was brought up by Pat Spooner, Senior class representative-at-large.

## Dry Rushing Repealed by Council Action

By GERALD OLSEN

A clause prohibiting the serving of beer at rushing functions was stricken from the Intra-fraternity Council constitution yesterday in emergency action taken by IFC President Bob Goforth.

Goforth said the clause got into the constitution through an error in 1953 when a revision was made. The clause was defeated by the IFC during the revision.

Following the discovery of the error, the phrase, "and no beer shall be served at any fraternity open house or rushing function" will be dropped from the constitution, Goforth stated.

With this action, Goforth noted that the serving of beer at rush functions now would be up to the decision of the individual houses.

Section IX, part C, as it now reads is as follows: "Every fraternity must obey the state law in its serving or use of beer. Specifically, no beer shall be served to minors at any time or place, and no direct or indirect sale of beer to members or guest shall be permitted."

The IFC constitution also prohibits serving of alcoholic beverages at any function attended by women, and forbids bringing wine or distilled spirits into any fraternity house.

Commenting on the situation, Robert S. Martin, associate dean of students, stated that the IFC constitution was formulated and ratified by the IFC. He said that it was a result of their work entirely.

At open house, most of the fraternities said they planned to serve either coffee, punch or soft drinks.
